ELIGIBILITY PROOF — DEMONSTRATED EXPERIENCE

Campaign Strategy & Execution

Generated 4+ public event promotional campaigns and 12 dedicated campaigns for the Perak State Assembly. Successfully registered 100+ voters through structured door-to-door traditional marketing — demonstrating audience segmentation, messaging strategy, and on-ground execution.

Content Production at Scale

Produced 100+ promotional materials (posters, product cards, social media visuals, branded assets) for SMEs and international companies including Tokita International. Over 10,000 photos and media assets published across platforms. Produced 5 highest-viewed videos for a state government social media account.

Social Media Growth & Management

Grew a TikTok account organically from zero to 10,000 followers. Managed multi-platform content calendars with consistent brand identity across posts, reels, stories, and campaign periods for government and community accounts.

Government-Level Events & Public Relations

Led and completed 3 full State Government events. Produced 2–3 annual funding reports for State Government grants. Successfully worked with 3–4 major Malaysian newspapers for press coverage and media relations — demonstrating structured stakeholder communication and public-facing content management.

AI-Integrated Creative Production

Active practitioner of Leonardo.ai, Adobe Firefly, and Adobe Photoshop for AI-assisted content creation. Builds prompt frameworks for consistent visual brand sets, combining AI generation with design workflows for real client outputs. Conducted structured AI workshops for professionals in Brickfields, Kuala Lumpur.

Lead Generation & Digital Outreach

Built and deployed digital marketing campaigns targeting Malaysian working adults (25–40 age segment). Developed audience-aware WhatsApp and social content at scale. Experienced in lead generation intent-based messaging and community grassroots digital communication.
